Do not remain on the standing board after shutdown

Safety

There are risks of riding or driving any vehicle. S8Mini is no exception. Please make sure this manual is read through and fully understood before initial use. And be cautious when riding.

Important Note:

1. Sharp acceleration or deceleration or speeding via overly leaning forward or backward are strictly forbidden.
2. Do not care about the vehicle if there is an emergency. Safety goes first.

Attention:

1. Do wear helmet, gloves, elbow/knee pads or other necessary protection gears.
2. Do not ride on the bumpy and wet roads, such as earth road, cobbled road or snowing and watery roads.
3. Do not ride S8Mini on slopes of over 15° gradient.
4. Do not allow children under 15 or the aged above 60 to ride S8Mini.
5. Drunk or drug riding S8Mini is prohibited.
6. Do not ride S8Mini in extremely cold winter.
7. Do not ride S8Mini in the rain.
8. Do keep slow speed when riding S8Mini on slopes.
9. Do not ride S8Mini in other unadvised situations caused by either personal or objective reasons.
10. To charge, first connect the battery charge interface, then the power source.
11. When it is not in use for a long time, please store it after fully charged and shutdown. It should be charged no more than 3 months and then store it.
12. This product might be limited to use on private road (check the regulations in force in the territory of use). We recommend using suitable protective equipment.

Open the cover near the charging port, connect the charger plug to charge. In charge, it is red and it will turn green after it is fully charged.

You need lots of practice to grasp the skill before you ride the scooter safely. If you are not skilled, or fail to follow the user guide of this product, it may cause rider or the third part physical injury or property loss. Our company only takes the responsibility for product defects or damage, and we are NOT responsible for physical injury or property loss related with using products.

Safety Guidelines and Riding Etiquettes

1. Please understand and comply with local traffic regulations when riding.
2. Please ride in a civilized way to ensure the safety of yourself and people around you.
3. Respect others' right to use the road. When passing through the pedestrian, riders should slow down and warn the walkers, it is better to pass through from the left. When the riders and walker are face to face, it is better to keep on the right and lower speed.
4. Keep a safe distance from other riders , please don't ride side by side.
5. Do not ride in the bad light condition, if necessary, please reduce the speed, be alert and use the external driving lights to ensure a good vision.
6. Please keep your body relaxed when riding.

Get Started

1. Check the scooter to make sure everything is normal and then fold up the kickstand.
2. Turn on the main power switch. Hear the "beep" prompt tone and S8Mini enters into power state.
3. Step on the pedal slightly and after hear the "beep" sound,S8Mini is ready to be ridden and maintain balance.Then riders can ride it.
